*One of the most tragic things I know about human nature—is that all of us tend to put off living. We dream of some magical rose garden over the horizon—instead of enjoying the roses that are blooming outside the window today.*

After the two years of dreading Mondays, living for Fridays or for holidays, when you can go home, graduation finally approaches: you find yourself taking a second look, listening to the ring of the hall phone, a familiar voice on the P.A. system, and sounds that hold memories for all of us. Suddenly we realize Rat Week, Fall Frolics, the Christmas Dance, Mardi Gras, and those incredible "Hut Dances" are all events we shall remember. To make it easier for all of us to hold these memories in sharp focus, our staff presents the 1971 Sampler.

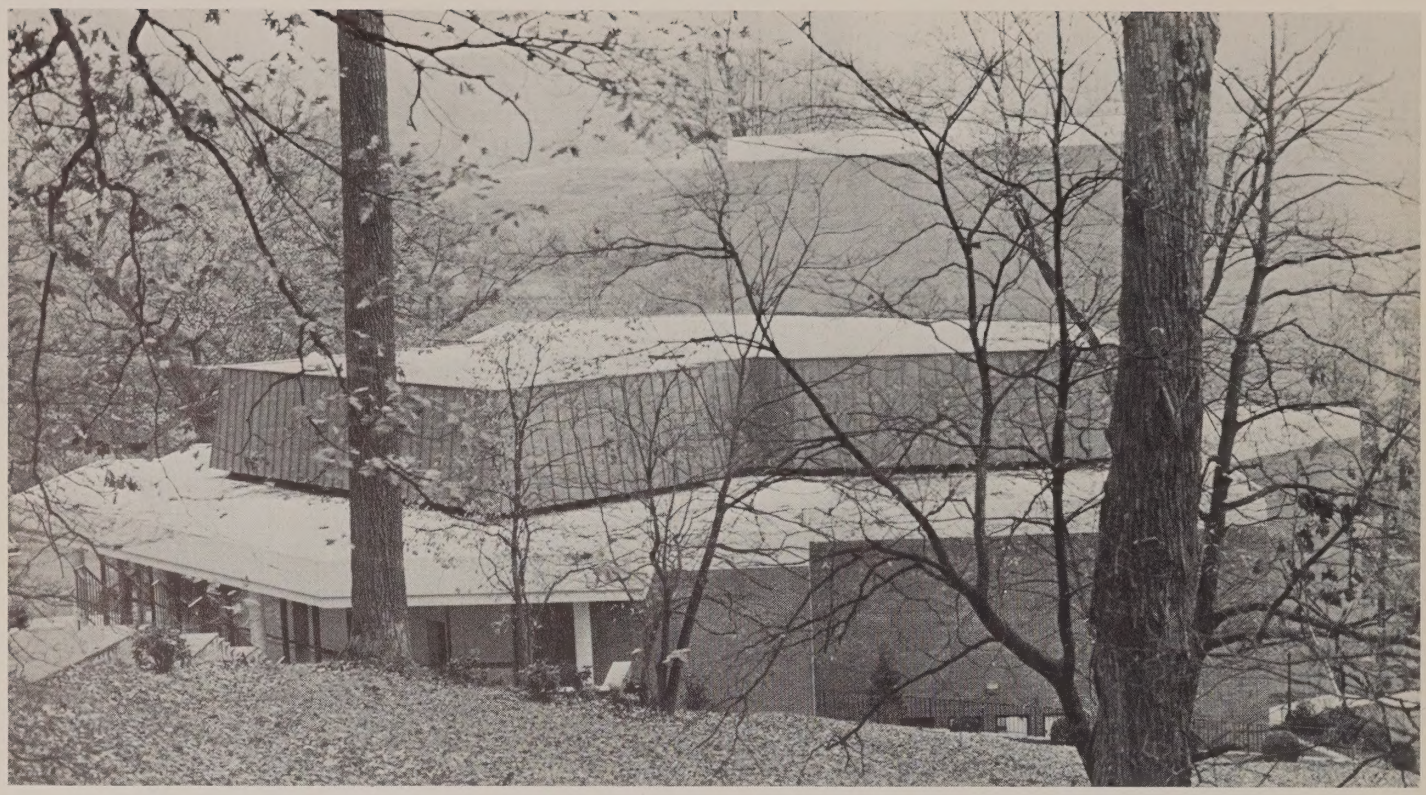
# A Growing Sullins

Major activities center around Martin Hall, the oldest and largest dormitory.

The newest addition to the campus, Metts Hall, built in 1964, contains classrooms and administrative offices. Also a board room and a language laboratory.

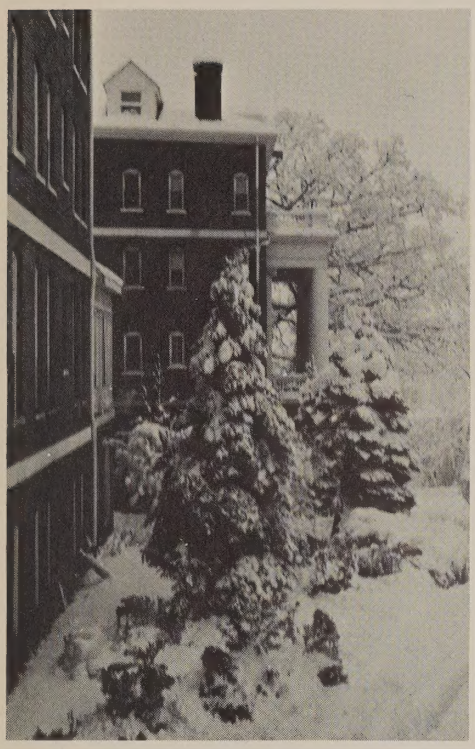
The Fine Arts Building is one of the newest and most attractive buildings on campus.

The Biology, Chemistry, and Anatomy labs are held in Science Hall.



The Humanities Center, a million-dollar building, includes general classrooms, studios, seminar rooms, art gallery, and an auditorium seating 800. It has a large stage and stage tower suitable for the wide variety of events in the cultural program: ballet, choir concerts, theatre, etc.

Baskervill Library features the stately Georgian architecture found in some of the buildings on campus.



Holston Hall, one of the three dormitories, houses both classes.

The Memorial Chapel, a gift from the alumnae, is largely for individual worship and meditation, but also small services.

Reynolds Hall with the traditional white columns serves as a dormitory for both freshman and sophomores.

# Banned Rock Fest Growing

From Observer Wire Reports

MIDDLEFIELD, Conn. — Health problems mushroomed along with vendors, beggars, spectators and new faces Friday at the site of a cancelled rock festival.

The young crowd of more than 30,000 grew all day with some rock fans walking five miles past state police roadblocks to the Powder Ridge ski area where the weekend festival had been planned—and banned.

## 15,000 March for Homosexuality

NEW YORK (UPI) — A crowd of 15,000 to 20,000 men and women marched from Sixth Avenue to Central Park Sunday demonstrating for homosexual rights.

A group of female marchers, who said they were members of the lesbian organization "Daughters of Bilitis," wore sweatshirts with emblems proclaiming "butch," "dyke" and "femme."

The march was organized by the Christopher Street Gay Liberation Day Committee to climax a week of protests.

"We are tired of being treated like second class citizens and outcasts," said one young marcher who identified himself as Robert.

A woman who withheld her name but said she was a lesbian, said, "We have the right to use our bodies the way we want."

## Chicago Cancels Rock Concerts

CHICAGO (AP) — A free rock concert series designed by city officials to build camaraderie with youth was canceled Tuesday because of rioting at a performance Monday in Grant Park in which 135 persons were injured.

The Chicago Park District commissioners voted unaimously to cancel four "pop" concerts scheduled for the park in August and another program set for September in Solider Field.

# Raquel's Costume Eyed in Flag Case

CHARLOTTE (AP)—A photograph of Raquel Welch in the abbreviated stars and stripes costume she wore as the bisexual star of the movie "Myra Breckinridge" has been introduced in a federal suit attacking North Carolina's flag desecration law.

Also in the 11-page lawsuit were photographs of cowboy actor Roy Rogers in a flag-type costume and scenes from the musical "Hair."

The suit, filed in U.S. District Court Friday by the American Civil Liberties Union, contends the anti-desecration statute violates the constitutional right of freedom of expression. It was brought in behalf of two hippiestyle youths.

A major contention in the suit is that the law is used by law officers to "harass" unconventional young people.

In attempt to show the currency of the United States flag, the suit included exhibits of its use by both the "establishment" and the "anti-establishment."

In the first category were photographs showing a Marine standing before a vertical flag, a flag campaign poster showing Abraham Lincoln on a field of blue with an electoral pitch across the top stripe and stars and stripes bumper sticker saying "It's Great To Be An American."

In the second category were photographs of yippie personality Abbie Hoffman being arrested wearing a stars and stripes shirt, a scene from "Hair" showing an actor being rocked in a flag and a drawing of the two-fingered peace symbol on a stars and stripes background.

The two youths named in the suit were arrested in Mecklenburg County under the state antidesecration law this summer.

Charles Bruce Parker, 17, of nearby Maiden, was arrested after he wore a jacket decorated with the flag. James Robert Berg of nearby Gastonia, was arrested for tacking the flag to the ceiling of his car. Charges against both were dismissed, those against Parker on an appeal.

The ACLU attorney filing the suit, George S. Daly, said Parker's jacket was adorned with the flag to "express a complex of ideas centering on his belief in peace as a national goal, nonviolence as a national method and military imperialism as a national disaster."

The suit said Berg attached the flag to his car ceiling for "his own personal artistic enjoyment and satisfaction."

It named as defendants North Carolina Atty. Gen. Robert Morgan, Mecklenburg County Solicitor Jerry W. Whitley, and Mecklenburg County Clerk of Court Max Blackburn.

## Over 500 Abortions in a Week

NEW YORK (UPI)—Statistics for the first week of legalized "abortion on demand" in New York State indicated Wednesday that more than 500 pregnancies were terminated medically.

"We're doing better every day," said Dr. Stanley Bergen, an executive with New York City's Health and Hospital Corp. "And we're beginning to get inquiries from out of state — not just the adjacent states, but Oklahoma, West Virginia, and Kentucky."

Almost all the abortions officially reported came from municipal hospitals in New York City and hospitals in Albany, Rochester and Syracuse. There were 207 performed in the New York City hospitals through Tuesday and 52 upstate. Medical sources said abortions performed in volunteer and profit hospitals probably would double this number, bringing the total to more than 500.

# South's Dualism To Wane

From News Dispatches

WASHINGTON — The Nixon administration will achieve virtual elimination of dual Southern school systems this fall without any major confrontations in the transition to integration, Attorney General John N. Mitchell predicted Tuesday.

"We feel that the people in the South will abide by their agreements and court orders to desegregate," he said in an interview.
